MEMBER ALERT

Expressions of interest in Indigenous employment projects

NAEN will be pressing ahead over the coming year to continue and extend its work in the area of Indigenous employment through the Jobs, Land and Economy Programme (JLEP).

JLEP funding is provided through the Department of Prime Minister and Cabinet (PM&C) which opens contracts to competitive tender.

NAEN has been successful over a number of years in securing JLEP contracts and working very productively with the Department and group training organisations in delivering exceptional employment outcomes.

We are currently preparing submissions for future JLEP projects and remain hopeful that we will be able to secure these projects and work extensively with the group training network in seeing these deliver on their objectives.

We will keep you informed about progress on the JLEP contracts at work progresses.

Please reach out to NAEN if you would like to clarify your capacity for Indigenous employment placements through JLEP for a future contract through NAEN by **COB Friday 15 March**.

Contact: Grace Templeton in the NAEN office on 02 9299 6099 or grace.templeton@naen.com.au

Kind regards,

Dianne Dayhew
