MEMBER ALERT

Fresh Pool of Funding Released: Women's Leadership Development

Dear Members,

Funding of up to \$7,000 for human resources sector women available

Building on the success of last year's '100 Days for Change' campaign, Women & Leadership Australia is administering an initiative to support the development of female leaders across Australia's education sector.

The campaign is providing women with grants of between \$3,000 and \$7,000 to enable participation in a range of leadership development programs.

The scholarship funding is provided with the specific intent of providing powerful and effective development opportunities for education sector women; however the funding is strictly limited and has to be allocated prior to the end of March.
